Retrofitted Water Bottle Refill Station Grant

Matching grants are available for organizations in the Blount County, TN area up to \$225. Grants will be awarded based on public access, need, and ability to cost match at the time the application is submitted. Grant applications are due by Friday, March 13, 2020.

Submit applications to: Blount BEneFITs, C/O Parks & Recreation, 316 S. Everett High Road, Maryville, TN 37804.

Project Proposal – (no more than 2 pages)

1. List organization information, contact for grant application, date facility was built, and average number of people served.
2. Does the facility have any retrofitted water bottle refill stations? Yes No. If so, how many? _____
3. Who will be responsible for installing the water bottle refill station?
4. Who will be responsible for maintenance after installation?
5. Provide a budget narrative. Describe matching funds available and indicate the source of those funds. State who is responsible for the purchase.
6. Include organization's letter of support and confirmation of availability of matching funds.
7. Provide implementation plans for a Rethink Your Drink program that you can do within your organization to promote more water consumption. Include expected outcomes and how the outcomes will be measured.
8. Grant recipients must provide pictures of the retrofitted water bottle refill station (and make sure there is parent/guardian consent if youth are present).

Contact Blount BEneFITs Co-Chair, Kelly Forster, with questions or for additional information at 865-983-9244 or kforster@parksrec.com.
